SAFATWO

by GRISOGONO

The Future Of Luxury

Inspired by the de GRISOGONO signature rubies and the colour of change, excitement and life itself, Safa Two rises along the edge of Sheikh Zayed Road. Its unique design, meant to emulate a cut diamond, is instantly recognisable from miles away.

Gateway to the city

Safa Two sits across the road from Safa One, and together, they're poised to form an elegant archway, marking the passage between central Dubai and its newer areas – and opening up the most dramatic views of the city's landmarks.

Where the waves come to you

Make time to soak up the sun and take in the breeze, all without ever leaving home. Slip into your flip flops and amble across to the 900-square-metre beach pool with pop-up F&B service, making it the perfect spot when the sun goes down.

Take in the Ruby Heart

Perched on a podium at level 60 is an architectural marvel that hosts a one-of-a-kind sapphire infinity pool overlooking Sheikh Zayed Road, high-end F&B and also leads to the statuesque glass bridge that connects the twin towers.

Soak up the sun

Designed to stand out, the podium level artificial beach club transports you to the sands of Maraya or La Corniche, giving you every excuse to bask in the shade of natural palm trees as you take in the magnificent Dubai skyline.

Feel on top of the world

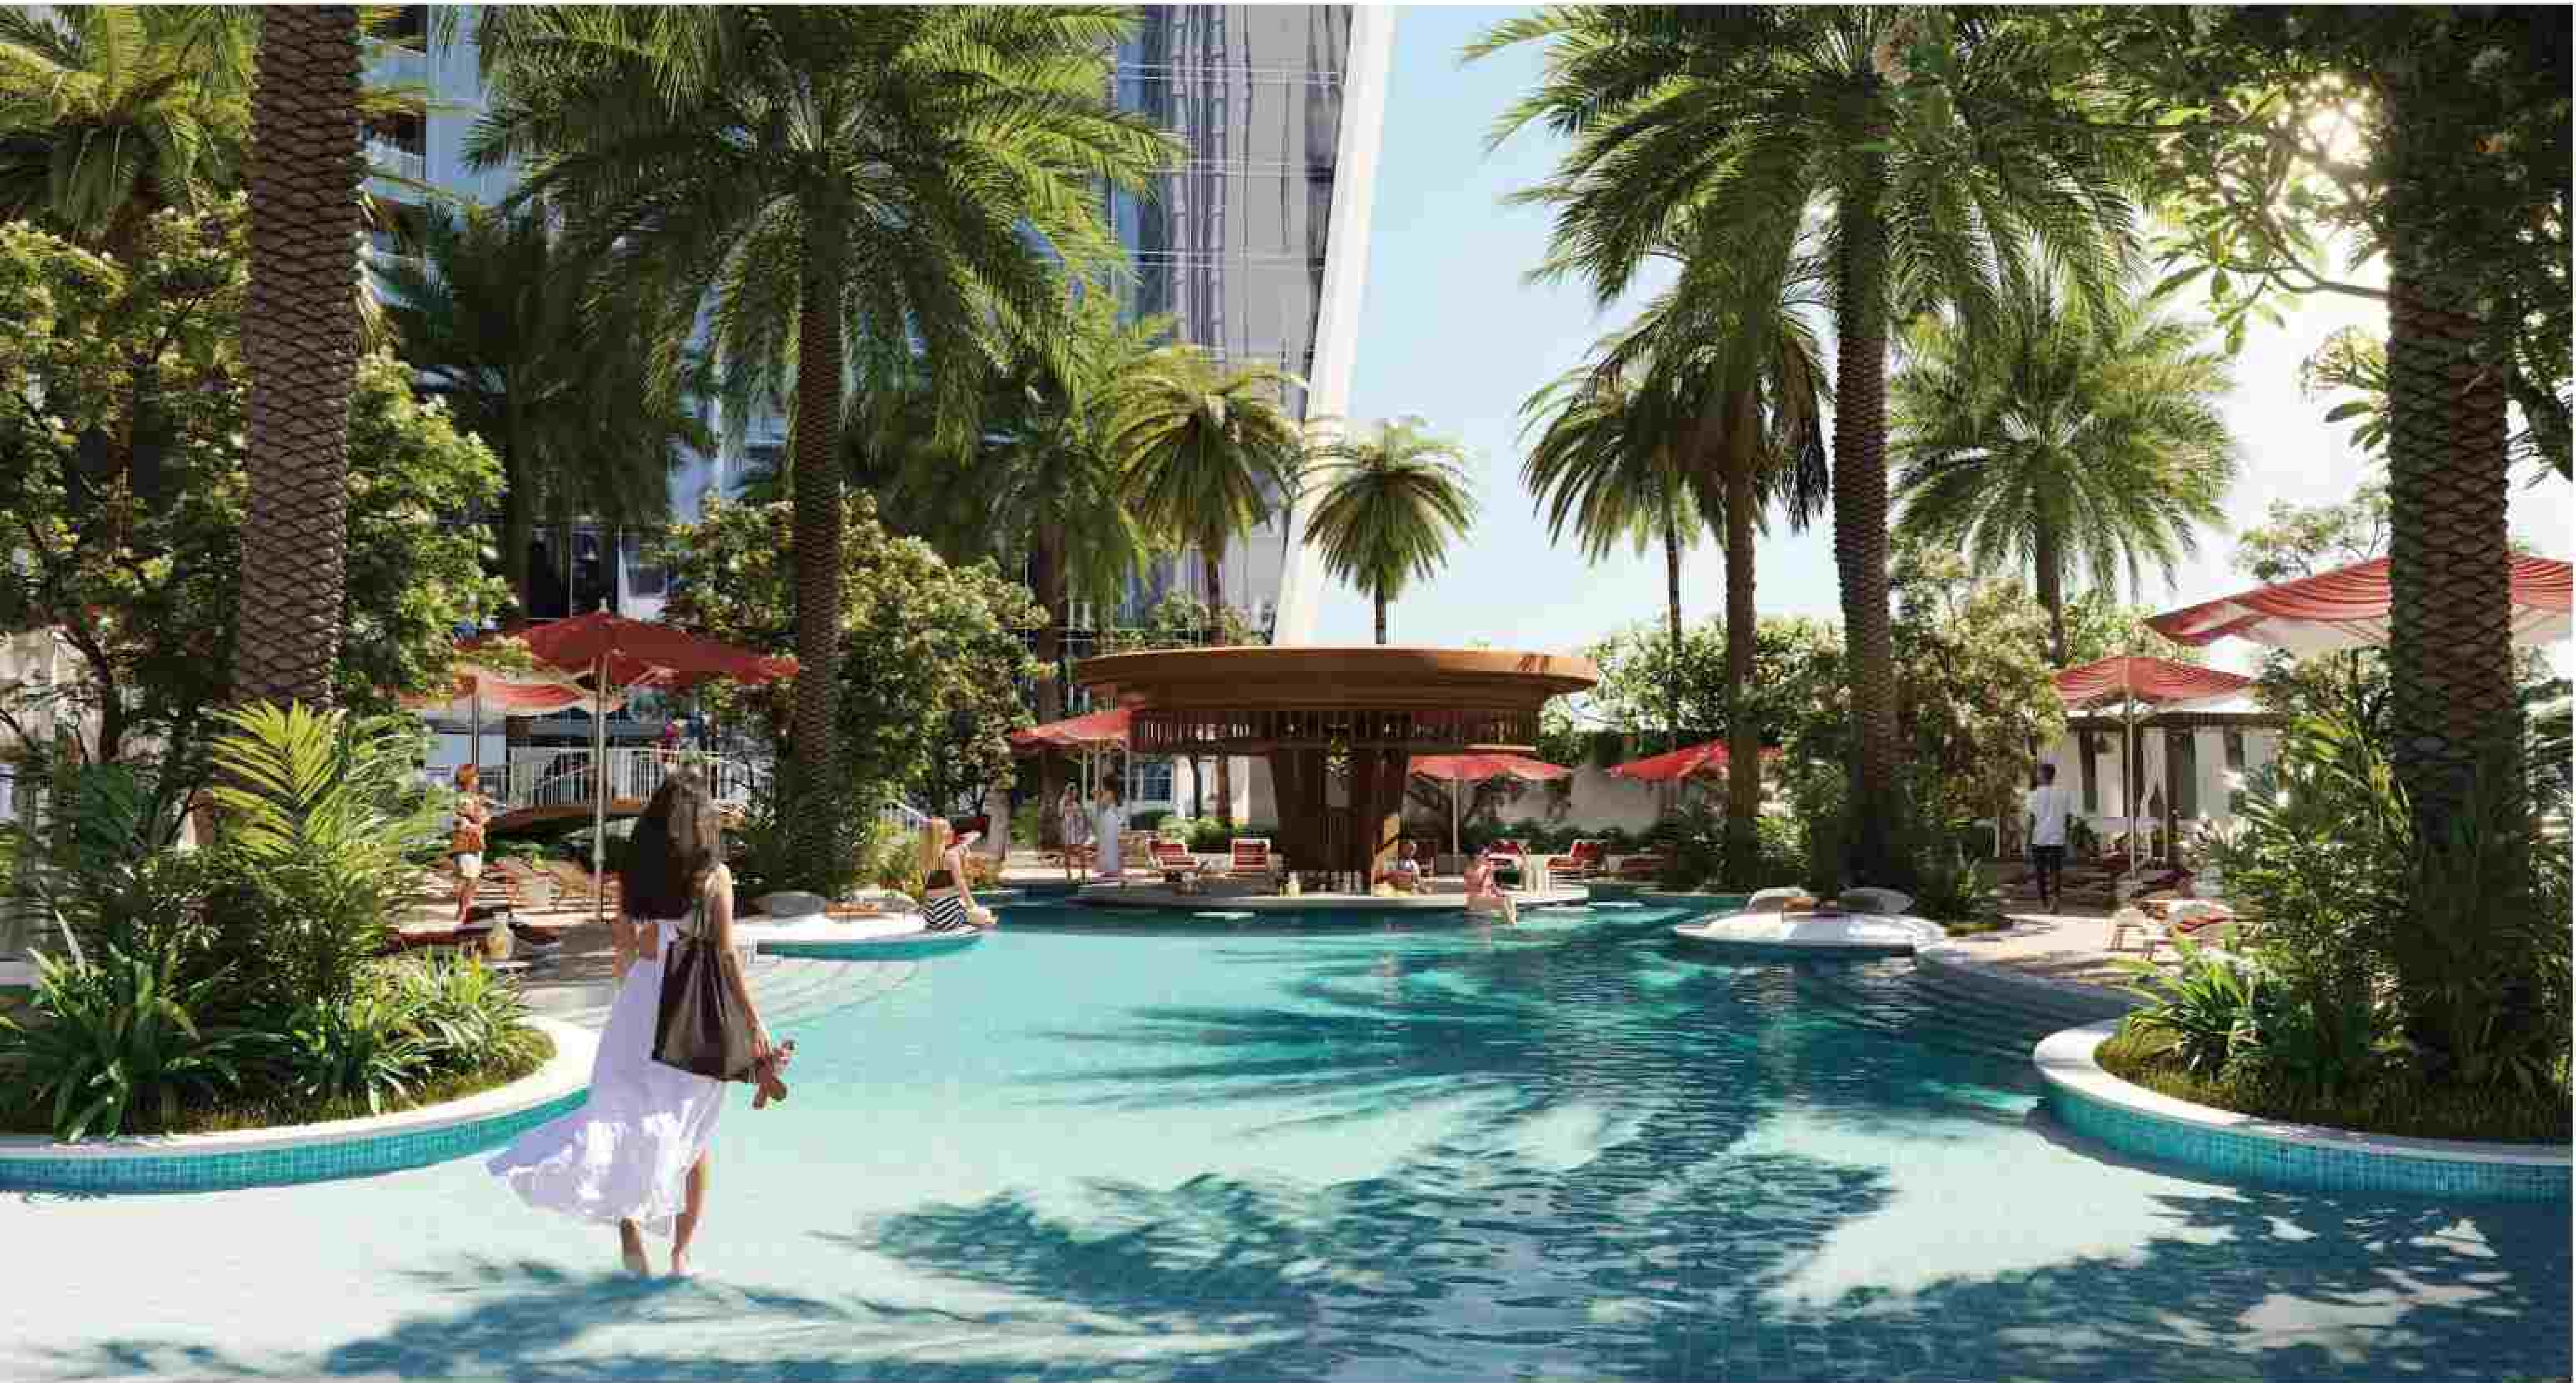

Make time to soak in a misty rooftop tropical paradise. This is Dubai's first and only fog forest, and also the highest one in the world. Stroll through this ethereal garden or dine at the restaurant before being mesmerised by the views at the observatory.

Walk above the clouds

The Edge Walk experience is an adrenalin rush for thrill-seekers as they amble along the edge of the abyss, looking down at the clouds. Not to be outdone, the spiraling Glass Slide opens up spectacular views for those daring enough to try it.
